

# A Tremendous Revolution

...Against Competition...

It's no wonder that our trade has grown to such an extent that it keeps the railroad company busy freighting goods from all over the United States to Lutesville, Missouri, for **WARONKER BROTHERS**, and keeps two draymen busy all day long hauling our goods and five clerks to wait on our big trade.

## Why?

Because we undersell all others. We do not make 100 per cent profit, nor do we claim to give goods away; 10 per cent is enough and that profit was made in buying, so you get the benefit of the drummers profit. We are always in the markets and buy only where we get the best seasonable goods at prices that cannot be duplicated by our competitors. We have no hired help and no partners to divide profits with; a saving of 50 per cent if you buy from

**WARONKER BROTHERS.**

Coats from \$2 up. Men's best black clay worsted suits, either square or round cut, that our competitors advertise at \$10 and \$12.50 we sell for \$7. Men's navy blue suits sold by others for \$8 and \$10; our price \$5.50. We have clothing to fit everybody, any color, style or quality and of course as to price, you can't help but buy when you see it. We have the biggest stock of shoes in the county for boys, youths, ladies, misses and children.

We have a large assortment of dry goods and know we can suit your taste in cloth of almost any description. Capes, Jackets, Skirts, children and misses Cloaks. Blankets from 50c up. Quilts, extra large size, \$1 each. Underwear for ladies, misses, children and infants, any kind desired. Underwear for men, youths and boys in light or heavy fleeced or ribbed Jackets, sweaters, hats and caps, Sunday and everyday shirts. Our 5 and 10c counters are piled high with bargains. Felt boots, all sizes, \$1.75. We have the biggest line of rubber goods in southeast Missouri. We can fit all feet, no matter what kind or size.

Come and see us for bargains. **WARONKER BROS.,** Next door to postoffice. **LUTESVILLE, MO.**

### IF I KNEW.

If I knew the box where the smiles are kept, No matter how large the key Or strong the bolt, I would try so hard, 'Till I opened, I know, for me.

Then over the land and sea broadcast I'd scatter the smiles to play, That the children's faces might hold them fast, For many and many a day.

If I knew a box that was large enough To hold all the frowns I met, I would try to gather them, every one, From nursery, school and street.

Then, folding and holding, I'd pack them in, And turn the monster key; I'd hire a giant to drop the box To the depths of the deep, deep sea.—Selected.

## Election News.

### ROOSEVELT ELECTED.

### Missouri Goes Democratic.

### Republicans Carry County.

We can only give our readers results so far as we have been able to ascertain up to time of going to press.

That Roosevelt has been elected seems certain. From the news gathered from the wives at Lutesville, he has carried all the northern states and will have about 325 votes in the electoral college.

Latest news from the election in this state gives Folk and the state ticket a plurality of about 20,000.

St. Francois and Madison counties have both gone republican and Judge Anthony, for circuit judge, and Hon. Edward Robb for congress have both been defeated by their republican opponents, Killian and Rhodes.

Our county ticket has been defeated by the republican ticket, making a clean sweep with the exception of J. A. Yount, candidate for county judge in district No. 2, who was elected by about half the usual majority in that district. We have not been able to obtain the figures, but there is only a question as to the size of the majority which will probably run as high as 120. They made gains in almost every part of the county.

Father (who is always trying to teach his son how to act while at the table): "Well, John you see that when I have finished eating I always leave the table." John: "Yes sir, and that is about all you do leave."—Western Publisher.

### Southeast News.

Charleston and Caruthersville have both had costly fires recently.

Dunklin county's display of watermelons won a silver medal at the World's Fair.

Rev. Dr. George W. Hull died at the home of his brother, Dr. L. Hull, at Marquand, October 29, age 68 years.

Jackson Herald.

The Honok railroad will soon be completed to Oak Ridge and trains will be running between there and the Cape soon.

Two Wayne county citizens were awarded medals on their exhibits at the World's Fair: George F. Bennett, silver medal on his display

of corn, and R. J. Melton, a gold medal on his sorghum exhibit.

The first engine on Mr. Honok's Cape Girardeau & Chester railroad reached Jackson November 2. The people of Jackson gave Mr. Honok, who accompanied the engine, a royal, enthusiastic welcome.

Conductor Young fell or jumped from his Bloomfield train while doing some switching at Zadock on October 24, and was killed. As no one saw him, just how he met his unfortunate death will probably never be known.

News was received here Wednesday of a horrible accident that occurred in Lesterville the day before. A man by the name of W. Parks, who runs a sawmill there, fell over on the saw and had his head cut off.

Jackson is to have another bank, to be known as the People's National, with a capital of \$25,000.

The organization has been perfected and a board of directors elected as follows: W. B. Schaefer, Wm. Parr, O. B. Kinder, T. D. Hines, Herman Wolters, C. C. Clippard and Wm. H. Hines.

Burglars entered the mill, a store or two, residence and the depot at Gordonville Friday night and stole a lot of property. One of the men giving his name as John O'Brien, was found east of town Sunday badly wounded by a gunshot which he says was inflicted by one of his partners. He was brought to jail, but refuses to tell anything about the burglary.

Fredericktown Democrat-News.

Information was received here on last Wednesday that Andrew Vandergriff, a young man who formerly lived in North Fredericktown, and who has a brother living at Mine La Motte, had been killed by a train on the Bonne Terre railroad, near Desloge. The report states that the young man was literally cut to pieces and the only way of identifying the remains was by a letter found in one pocket addressed to Arthur Vandergriff.

Fredericktown Democrat-News.

The Illinois Lead company is a new corporation organized to do business in Madison county. This company has leased for a term of 99 years, from the Mine La Motte Lead Co., known as the "Jack Diggins,"

The company will commence at

once the erection of a mill on the land, it will be the same style and capacity as the one recently built by the Mine La Motte Development company of New York at the old copper shaft in this county.

Oran Citizen.

A man giving his name as Brown and claiming Jackson as his home, used several rigs this week from E. F. Brycans livery stable, Wednesday he hired a single rig to drive to Kelso, and as he did not return as promised Mr. Brycans concluded Brown was trying to steal the rig, and sure enough he was. A message located Brown at Allenville, where he had sold the rig for a small sum. He was arrested but escaped. Mr. Brycans went up to Allenville on 82 last night to get the property.

A. J. Seabaugh, Thos. Kirkpatrick and a man named Catron, all of Greenville, went to St. Louis week before last to attend the fair and put up at a hotel, all occupying the same room, and when the fact was discovered they were all in a serious condition. Kirkpatrick died in a short time, and after suffering a week or more, Seabaugh died; Catron is recovering. It is strange that people will be so thoughtless—it certainly cannot be ignorance, in the face of the fact that the newspapers are continually warning the public. Don't blow out the gas!

Our Correspondents.

W. M. College.

The school returned from the fair Sunday and we wish to say that all the pupils who made the trip report a most enjoyable time. We arrived at Tower Grove station Thursday evening where we were met and conducted to Mayfield Sanitarium by Dr. W. H. Mayfield. On arriving there we found a sumptuous supper awaiting us to which we did full justice of course. Friday morning found us on the fair grounds; each person selecting his or her own course. At noon the school met at the Boer War grounds and after eating dinner we were escorted thru this show by Dr. Mayfield, after which we took in Haggenbe's show on the pike. The second day was spent pleasantly by all; the students made the piking with their college yell. Sunday we returned home well pleased with our trip. The pupils wish to thank Dr. W. H.

Mayfield for his kindness during this visit.
